### **GENERAL NOTES**

- 1. Elevations of the features are to be taken from the bench marks shown on the Drawing(s).
- 2. Limits of grading, selective grading, and seeding as shown on the Drawing(s) are approximate. Minor deviations may be permitted subject to the approval of the Sponsor's Representative.
- 3. All areas outside of the seeding limits that are disturbed by the Contractor must be restored to as good as or better than the existing conditions.
- 4. All areas where 2 ft. contours are not shown shall be graded at a uniform slope between 10 ft. contour intervals.
- 5. Minor adjustments in the grade may be made by the Sponsor's Representative to suit field conditions.
- 6. Based on information provided by utility companies in Cherryhill Township, no public utilities were found in the project area as of April 2000. The Contractor shall comply with Act 287 of the General Assembly, as amended, which defines the procedures for notification of public utilities prior to excavation, drilling or demolition work using power equipment or explosives.
- 7. Private utility lines shown on the Drawing(s) are approximate. The Contractor shall contact Mr. Larry Decker, treatment plant operator, to verify locations and sizes.
- 8. The Contractor shall dewater all impoundments existing within the grading limits at the time of construction of the project.
- 9. The property lines as shown on the Drawing(s) are approximate.
